

Find The Curl

curls all around you're curly
I'm looping in out in out
you follow
you always follow me

so why'd you stop
you're still curly
you still move the same
I repeat like always

*I'm up and down. the dance is here
I'm giving everyone a flower
watch me change color
you howl
and I'm gone*

*

half-magic was a wonder
still looping in and out
and you against the path
you don't follow

I'm thinking about where you go
when you stop curling
You stop moving
I have a sound in my heart

*I'm up and down. the dance is here
I'm giving everyone a flower
watch me change color
you howl
and I'm gone*

*

the walls ended
clothed: rich dark rock n' roll
I kept you
I hold you through the wind

There's a hardness through the wind
I'm here next to you

*I'm up and down. the dance is here
I'm giving you a flower
watch me change color
you howl
and I'm gone*

*

I have a sound in my heart
I have a voice in my heart
I have a place in my heart
and you left
